About Game

The freezing winds of Fimbulwinter have come to Midgard, making survival for Kratos, Atreus, and Mimir in the Norse wilds even more challenging than before. While the last game built an enormous amount of trust and understanding between father and son, there is still a great deal of complexity in their interactions - especially after the revelation of Atreus' Giant heritage and the hidden prophecy only Kratos saw. Atreus is desperately curious. Like most young people, he wants to understand who he is more than anything. In this case, he wants to understand who he could be. The mystery of Loki's role in the upcoming conflict is something that Atreus cannot let go of. He wants to keep his family safe, but Atreus also doesn't want to stand by and do
